About China Feed Industry Expo

2026 China Feed Industry Expo is organized by China Feed Industry Association (CFIA) and supported by Department of Agricultural and Rural Affairs of Jiangxi Province and Jiangxi Feed Industry Association. As the No.1 itinerant expo in Feed Industry in China, the expo has held since 1996 and successively exhibited in many major cities in China every year.

It has become a well-known international brand show, a quite influential trade show in China and even global feed industry. Tens of thousands of professionals, purchasers from feed product enterprises, feed additives and feed ingredient enterprises, scholars, journalists and governmental officials have been attracted from home and abroad to attend the show.

2025 China Feed Industry Expo has held in Qingdao, China. It achieved acclaim and unprecedented success. The display area is 100,000 sqm, attracted over 1000 exhibitors and over 80000 professional visitors from all over the world.

2026 China Feed Industry Expo will be held from April 18 to 20, 2026 in Nanchang. The total exhibition area is 100,000 sqm, with exhibits covering the whole industry chain, including Feed, Feed additives, Feed ingredients, Pet Food, Feed processing and packaging equipment etc. There will be more than 1000 exhibitors and over 80000 professional visitors present at expo worldwide. Concurrently we also will have the Coarse Fodder Conference , Biological Feed Conference and Pet Feed Conference during the expo, it will attract more than 2000 participants.

It is an excellent opportunity to share your experiences and take business in China!

About Organizer

China Feed Industry Association (CFIA) was founded in 1985. As an independent social corporate body, CFIA is a non-profit organization consists of memberships from enterprises, agencies, organizations or institutions involved in Feed, Feed Processing industry and relevant fields.

During the past over 30 years, CFIA was making all its efforts to become a bridge among government, feed enterprises, research institutions and farmers, by fully following association's constitution. CFIA has already turned into a major power to enhance the safety development of China feed industry.

CFIA hammer at international communication and co-operation, enhance the feed development activity. In 2020, CFIA representing P. R. China, joined International Feed Industry Federation (IFIF) as executive member states and established relationship with feed associations all over the world.
